Prices are effective from 1 July 2020. For more information see clause 3.1 of the Customer Contract.

## Water and wastewater charges

### Water

Volumetric charges, per 1000 litres \$1.594, including GST

### Wastewater

#### Customers who have water meters:

Fixed charge per meter: \$231 per year, including GST

Volumetric charge: \$2.772 per 1000 litres, including GST

Domestic wastewater volume is calculated at 78.5 per cent\* of the incoming water volume, as measured by the water meter. This assumes that, on average, 78.5 per cent of the water that enters the home goes down the drain via showers, baths, washing machines, dishwashers, toilets, sinks, etc.

\*Apartments, charged at 95 per cent, are among the exceptions.

#### Customers who do not have a metered water supply but are connected to the wastewater network:

Fixed charge: \$708 per year, including GST

*Where a customer already has a wastewater connection and will not increase demand on the wastewater network, or where a wastewater connection is unavailable, an application for a water connection will be charged a water-only infrastructure growth charge.*

*No further connections are available in **Bombay, Kingseat, Muriwai, and Waiwera.***

<sup>1</sup>*The Metropolitan network area covers customers supplied by Watercare's contiguous water supply system and/or serviced by any of Watercare's wastewater treatment plants at Mangere, Rosedale, Army Bay or Pukekohe. It includes the Hibiscus Coast, Kumeu, Huapai, Riverhead, Paerata, Pukekohe and Bucklands.*

<sup>2</sup>*The Northeast sub-regional IGC applies to Warkworth, Snells Beach and Algies Bay, (currently serviced by the Warkworth and Snells Beach wastewater treatment plants). The Northeast sub-regional IGC replaced the Snells Beach IGC from 1 July 2018 and Warkworth IGC from 1 October 2018.*

<sup>3</sup>*The Owhanake (Waiheke) IGC is payable in the case of existing non-domestic connections, where that connection first becomes liable for the IGC (for example, where demand increases) under Watercare's Infrastructure Growth Charge terms and conditions included in our Customer Contract. Connections for new customers are available subject to completion of staged upgrades to the wastewater treatment plant.*

<sup>4</sup>*The Southwest sub-regional IGC applies to areas of Franklin where the wastewater treatment plant the property connects to is not the Pukekohe or Mangere wastewater treatment plant. The Southwest sub-regional IGC replaced the Clarks Beach IGC and Franklin IGC from 1 July 2018.*
