2

Briefly describe who the event is for. Please include the number of people you expect to attend.

Please provide an address for the event.

Street number Street name

Suburb

3. Installation information

We have six water stations that can be used outdoors only. We can set them up together in one place or we can set them up in groups in two or three places. Please note that they need to be set up close to a water supply such as an outdoor tap, drinking water fountain or fire hydrant.

First location for the water stations.

How many water stations would you like at this location?

Describe the location

Describe the water connection at this location
(e.g. outdoor tap, fire hydrant or drinking water fountain)

If you would like us to connect to something other than a fire hydrant, do you have the permission of the property owner?
(The property owner's permission is needed as the water will pass through their water meter, influencing their water bill)

Please attach a map showing the location for the water stations **and** a photo showing the water connection.

Map provided?

Photo provided?

Second location for the water stations (if applicable).

How many water stations would you like at this location?

Describe the location

Describe the water connection at this location
(e.g. outdoor tap, fire hydrant or drinking water fountain)

If you would like us to connect to something other than a fire hydrant, do you have the permission of the property owner?
(The property owner's permission is needed as the water will pass through their water meter, influencing their water bill)

Please attach a map showing the location for the water stations **and** a photo showing the water connection.

Map provided?

Photo provided?

Third location for the water stations (if applicable).

How many water stations would you like at this location?

Describe the location

Describe the water connection at this location
(e.g. outdoor tap, fire hydrant or drinking water fountain)

If you would like us to connect to something other than a fire hydrant, do you have the permission of the property owner?

What date and time can we set up the water stations?

Set up date

DD / MM / YYYY

Set up time

HH : MM

What date and time can we pack down the water stations?

Pack down date

DD / MM / YYYY

Pack down time

HH : MM

Are there any site access restrictions that we need to be aware of?

I understand that: *(Please tick to confirm your understanding)*

☐

Watercare will use its best endeavours to deliver the water stations free-of-charge as a gesture of community goodwill.

☐

Watercare is solely responsible for the installation of, and removal of, the water stations.

☐

Watercare will take photos of the water stations once they are installed to record their condition and set-up.

☐

Watercare representatives will not stay with the water stations for the duration of the event.

I agree to: *(Please tick to confirm your agreement)*

☐

Encourage attendees to bring reusable drink bottles.

☐

Monitor the water stations during the event to ensure they remain in working order and are not damaged.

☐

Report any damage to the water stations to Watercare as soon as possible.

☐

Cover the cost of repairing or replacing water stations that are damaged.
NOTE: each water station costs \$4,000 to replace.

☐

Indemnify and hold harmless Watercare against any loss suffered or incurred by Watercare in connection with this agreement, except to the extent that the loss arises out of the negligent acts or omissions of Watercare. This includes damage to a third party's property.

I confirm I have: *(Please tick to confirm)*
